2015 Type-Moon April Fools - Capture
Miyabro - Miyabro@hotmail.co.uk

This was exhausting to capture and quite hard to sort, if I missed anything and you have it please e-mail me.

Yahoo Answers - Yahoo answer mock site from the Event - Caps. [HTML files still need CSS file, I forgot to capture it and need to remake it]

Images Posted on Twitter - Every single image posted by all the accounts during the event.

Avatars - Every single Avatar used, including ones that were changed as the event went on.

HTML Twitter Accounts - HTML captures of the Event.

Final Stage ScreenCaps - Screencaps from the end of the event.

Twitter Banners - All the banners used including ones that were changed as the event went on.

ScreenCaps at different stages - Screencaps made to capture different times during the event for any changes.

Imperial Roma site - There is already an English copy of this site up: http://imperialroma.cirnopedia.info/ **- I am not the author of this.**
